Special Needs Committee

John Cotton

There is a live IEP video to train for meetings to keep them under one hour. Diane McQuire asked about having an increase in prep time for special education teachers at the elementary level. (change in this next contract..)

Indoor Air Quality (new chair Rosemanne McInerney : check website for new information as well as forms to submit complaints. Tom Malanos is employed full time by the district to take care of issues that develop in the schools. Each school has a "Tools for Schools" resource kit. Everyone should be aware of this kit in the schools. There should be an indoor air quality committee in each building. With the help of this kit, the committee should walk through the schools to check for any problems. These people should meet with the crisis team at the beginning of every year.

AR Survey: was given to the members and asked to complete today.
